

NETATMO

Reassuring gifts for super Mums

For Mother's day, Netatmo gifts give even more super powers to super Mums.

CONTROL THE WEATHER

Thanks to the Personal Weather Station, Mums know what is the weather like and what the exterior temperature and humidity is. When temperatures drop or there is risk of a heatwave, they are informed in real time on their smartphone. So, Mums can plan what clothes their kids should wear as well as the most appropriate outdoor activities.

RRP : 149.99\$

SEE WITH THEIR EYES CLOSED

The indoor security camera Welcome lets Mums know when their children are home from school, even when they are absent. They are reassured and know that there is no intruder in their home. With unique facial recognition technology, Welcome sends an alert to Mums smartphone with the name of the identified person, whether it is the kids friend or the babysitter.

RRP : 199\$

HAVE A 6TH SENSE

Healthy Home Coach helps Mums create a healthier environment for their families. This sensor measures what you cannot see, hear or feel: the air quality, humidity, temperature and noise. With Healthy Home Coach, Mums know if they need to ventilate their baby's room because the air quality is not good, or to increase the heating if it is cold.

RRP : 99.99\$

ABOUT NETATMO

Netatmo is a revolutionary smart home company, developing groundbreaking, intuitive and beautifully-designed connected consumer electronics. Truly smart, Netatmo's innovative products provide a seamless experience that helps users create a safer, healthier and more comfortable home. Netatmo carefully designs the mechanics, electronics and embedded software of all its products to the highest standards. Netatmo also creates the mobile and web applications that fully realise their potential. Since 2012 Netatmo has released thirteen devices and accessories, divided into four categories:

- * **Weather** - The Personal Weather Station and its accessories, the Additional Indoor Module, the Rain Gauge and the Wind Gauge.
- * **Energy** - The Smart Thermostat and the Smart Radiator Valves, both designed by Philippe Starck.

* **Security** - The security cameras Welcome, for indoor, and Presence, for outdoor, and their accessories, the Tags and the Indoor Security Siren, and the Smart Smoke Alarm.

* **Air care** - Healthy Home Coach, the smart indoor climate monitor.

Netatmo is a leading innovator in the smart home industry with products available through a growing network of distributors worldwide, selling to consumers through major retail and B2B channels. Through its program "with Netatmo", Netatmo develops connected solutions with leading brands in the building industry to be integrated into residential home infrastructure, whether new-build or renovation. In November 2015 Netatmo completed a series B funding round of \$31 million. The company previously raised \$4.7 million in 2013.
