

Netatmo launches exceptional discounts on its products for Black Friday 2024!

Netatmo, the leader in smart home solutions, announces incredible discounts on a selection of its flagship products for Black Friday 2024. This year, customers can take advantage of discounts of up to 50% off a selection of products from the Comfort, Weather and Security ranges. Here are just a few examples:

- **Smart Indoor Air Quality Sensor:** monitors and improves air quality in the home. It measures several essential components such as the CO2 concentration, humidity, temperature and noise level. With its real-time alerts and personalised recommendations, it helps create a healthier, more comfortable indoor environment. What's more, you can track the data via a mobile app, so you can take action to improve air quality at any time.
- **Smart Thermostat:** lets you control and optimise your heating remotely via the Home + Control app. You can set the temperature to adjust automatically according to your lifestyle and outdoor weather conditions, saving energy while maintaining optimum comfort.
- **Smart Radiator Valves:** attach to radiators to regulate the temperature in each room even more precisely, at any time.
- **Weather Station:** measures temperature, humidity, air quality and atmospheric pressure, both indoors and out. This data can be tracked in real time via a mobile app, helping to optimise according to your preferences and the weather forecast.

- **Smart Outdoor Camera:** distinguishes between people, vehicles and animals, and sends real-time alerts in the event of an intruder. It features a built-in floodlight that can be automatically triggered to deter intruders or light up the area. Designed to withstand the elements, it offers reliable, continuous surveillance.

- **Smart Indoor Camera:** uses facial recognition to distinguish between family members, pets and unfamiliar faces. It sends real-time alerts in the event of intrusion, and lets you monitor your home remotely via the Home + Security app. Videos are stored securely on a microSD card and in your personal cloud, with no subscription fees.

- **Smart Doorlock:** This is Netatmo's newest product, launched in 2023. This innovative product, which combines security and cutting-edge technology, is available at a discounted price for the first time since its launch. Thanks to its high-strength stainless steel cylinder, the Intelligent Lock offers enhanced security. You can lock and unlock the door via an Intelligent Key or smartphone via secure Bluetooth communication. You can also manage remote access and deactivate lost or stolen keys via the Home + Security app.

And the discounts don't stop there! Several Netatmo product packs and some with Netatmo products are also on special offer in our online store!!

*Offer valid until 02/12/2024 (inclusive) on items marked "Black Friday Deals" on shop.netatmo.com. While stocks last. A maximum of 3 identical items per customer. This offer cannot be used in conjunction with any other cashback offers. Only valid for private customers, not for resale.

About Netatmo

Netatmo is a leading smart home company that creates simple and smart products for a safer, more comfortable home.

Since its launch in 2012, Netatmo has been committed to designing products that are:

- 100% inclusive: no subscription fees or extra costs
- 100% secure: data protection and privacy guaranteed
- 100% upgradeable: free upgrades and features added regularly

To date, Netatmo has launched 18 smart home devices and accessories. Helpful and easy to use, these products make everyone's daily life easier while improving well-being at home. In addition to its consumer product lines, the company collaborates with key leaders of the building industry through its "with Netatmo" program to develop smart solutions that integrate into the home's infrastructure.

In 2018, Netatmo joined the Legrand Group, a global specialist in electrical and digital building infrastructures.

Netatmo, same home, just smarter.
